

# Managing Dashboards

XpoLog enables management of its dashboards from the toolbar in the Dashboards console. The right-hand side of the Dashboards toolbar displays the following three icons for managing the XpoLog dashboards, as follows:

- **Add Gadget** – For adding a gadget to the dashboard. See [Managing Gadgets](#).
- **Change Dashboard Layout** – For changing the arrangement of the gadgets on the dashboard page. See [Changing the Dashboard Layout](#) in User's Guide.
- **Tools** – A selection of tools for performing actions on the dashboard, as follows:
  - **Rename Dashboard** – For details, see [Renaming a Dashboard](#).
  - **Remove Dashboard** – For details, see [Removing a Dashboard](#).
  - **Set as Home Page** – For details, see [Setting a Dashboard as Homepage](#).
  - **Export to PDF** – For exporting the dashboard to a PDF file for printing. See [Exporting the Dashboard to PDF/CSV](#) in User's Guide.
  - **Schedule Export to PDF** – For details, see [Scheduling Export to PDF/CSV](#).
  - **Add New Dashboard** – For details, see [Adding a Dashboard](#).
