

Exporting a Search to a PDF

You can save search results in a PDF file for later reference.

To export a search to a PDF:

*In the Search Query Panel, click **Export to PDF**. Notification appears informing you that the PDF is being generated. Then, the PDF of the search results is opened.*

Note: If pop-ups are blocked, the system sends you a notification. In this case, click **Continue** in the notification message to open the PDF.
